Mr. Joseph Barclay, Jr.
R. R. 1
Fountain City, IN 47341

Dear Mr. Barclay:

On 9-8-76 a follow-up milk sample was taken from your bulk tank by a representative of this office. This sample was taken to determine the progress of your efforts to eliminate the PCB contamination from your milk. The laboratory analysis revealed a PCB level of 1.1 ppm. Be advised that you must continue to take the necessary actions to further reduce the contamination of the milk.

If we may be of any assistance, please advise.

Sincerely,

Donald R. Kimball
