CODE OF ETHICS

NATIONAL PAINT, VARNISH AND LACQUER ASSOCIATION, INC.

WE, members of the National Paint, Varnish and Lacquer Association, Inc., recognizing our responsibilities and obligations to promote the public welfare, and to maintain honorable, fair and friendly relations among men, do pledge ourselves:

1. To compete always with fairness and honesty, seeking patronage on merit and service; to refrain from false, derogatory reference, written, oral or printed, to competitors or their products; and from the circulation of harmful rumors regarding such competitors' products or their personal or financial reputation; to strive, by sincere and intelligent cooperation with our competitors, in all lawful ways to increase the efficiency and service to the public of the industry as a whole; to base our advertising exclusively on the merit of our own products and the value of our own service, without false, derogatory reference to the products of competitors or misleading comparisons therewith.

2. To be guided by a spirit of justice, honor and fairness, in all our relations with members of the allied trades, realizing that the standard of ethics maintained in our industry must vitally affect the standard observed in associated industries; to encourage the adoption by the allied trades of similar codes as guides to govern their practices; and to discourage unfair trade practices in those trades, even though such practices might at times be to our own immediate advantage.

3. To represent our products truthfully in advertising, labeling and branding; avoiding therein all false or misleading statements or descriptions.

4. To avoid and actively strive to prevent all forms of commercial bribery or corruption by members of this Association and by the industry in general; and to this end we pledge our support to the Federal Trade Commission in locating and prosecuting individuals guilty of such practices.

5. To recognize the right of employees to use all honorable and reasonable efforts to better their conditions, but to refrain from directly or indirectly soliciting or bidding for the services of the employee of another member.

6. To recognize that only when an employee shall take the initiative shall we have the right to negotiate with such an employee of another member.

7. To refrain from the unethical practice of taking in exchange or in any manner assisting in the exchange of the paints, varnishes or other kindred products of another manufacturer, distributor or dealer.

8. To adhere faithfully to the rules of conduct herein set forth and to inspire our fellow members to do likewise, believing that the Golden Rule is the only safe guide of conduct in the relations among men.

9. Any violation of this Code shall be referred by the President of the National Paint, Varnish and Lacquer Association, Inc., to the Board of Directors for consideration and action.
