Attention: Mr. Leonard Epstein

Dear Mr. Epstein:

In reply to your letter of February 13 in which you quoted $375.00 each for the two 70 HP Coppus Steam Turbines and accessory equipment, f.o.b. trucks at Mt. Upton, New York, we receive very few calls for this type equipment and at the present time still do not have a place where we might use them.

I have reviewed the equipment file, and the limited possibility of our finding a place for it, and everything considered including the freight from Mt. Upton, New York, the very best we could offer you at this time, f.o.b. trucks would be $500.00 for the two units.

If you want to accept this you may load equipment on a scheduled truck line and ship it to us C.O.D. since we do not know how soon we will have one of our trucks in that area.

Very truly yours,

PEERLESS BOILER & ENGINEERING CO.
