Dr. R. Emmet Kelly,
Medical Director,
Monsanto Company,
800 N. Lindbergh Boulevard,
St. Louis, Missouri 63166

Dear Dr. Kelly:

I do thank you for your letter of November 6th. It has cleared up for me the question of teratogenicity from the PCB's which was raised in the press report. I also appreciate having the material you forwarded. As you know the whole question of PCB's as environmental contaminants is a lively issue here as elsewhere and the material you forwarded is helpful to me.

Sincerely,

Ernest Mastromatteo
