Mr. G. V. Cass
Krylan Incorporated
Box 390
Norristown, Pennsylvania

Dear Mr. Cass:

Our Mr. Field has requested that we send you the results of our acute oral toxicity studies on Aroclors. You will note in the attached table that we are including the skin absorbtion minimum lethal dose for female rabbits.

If we may be of further service, please contact us directly.

Very truly yours,

William H. Hunt, Ph.D.
Toxicologist
Medical Department
