NORTHAMPTON, Mass., Oct. 13 —President Emeritus Laurenus Clark Seelye, first president of Smith College, is dead here. He was 87 years old.

INGROWN NAIL

Turns Right Out Itself

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and sometimes the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.—Advertisement.

SCIENTISTS PROVE VALUE OF FATHER JOHN'S MEDICINE

Remarkable Analysis by Harvey A. Seil, Ph.D., of New York, Specialist in Analytical Chemistry.

Declares the Pure Food Elements Are So Perfectly Blended by Exclusive Process That It Is One of the Most Valuable Nutrients Known

DR. SEIL STATES THAT INGREDIENTS ARE SO PREPARED THAT THEY ARE EASILY TAKEN UP BY WEAKENED SYSTEM

Report Also Proves the Value of Father John's Medicine as a Body Builder and That It Is Free From Alcohol and Poisonous Drugs.

FATHER JOHN'S MEDICINE HAS HAD OVER 60 YEARS OF SUCCESS FOR COLDS AND COUGHS.

Qualified experts, after careful scientific analysis, have declared that Father John's Medicine is one of the most valuable nutrients known and is made of ingredients of the highest quality.

Confident of their ability to prove every claim made for Father John's Medicine, the makers engaged Sell, Pratt & Bushy, three eminent research chemists of New York City, to make independent tests of Father John's Medicine purchased in the open market.

Dr. Harvey A. Seil, who was a former government analyst in the Food and Drugs Division, also visited the laboratory at Lowell, Mass., where Father John's Medicine is made, took samples of every ingredient and of the completed medicine and at the same time made a thorough examination of the process of compounding.

So thorough and complete was the analysis that it extended over nearly a year, and at its completion certificates of analysis were issued which are now on file and may be seen at any time. The report states:

"The ingredients are all of the first quality as determined by the standard of the United States Pharmacopoeia.

"The cod liver oil used deserves favorable comment.

"We have never examined finer cod liver oil, and it retains its ex-

FACTS THAT DR. SEIL HAS ACTUALLY PROVED

This analysis by Dr. Seil of the ingredients and process by which Father John's Medicine is made definitely proves the claims that have been made for it. The analysis showed that every ingredient was of the first quality, that the exclusive process of making so blended all the elements that it is the finest preparation of its kind on the market. It also established beyond question the fact that no alcohol and no dangerous narcotic drugs in any form are used in Father John's Medicine. Read the story of the analysis in detail. It contains facts you ought to know.

PRESCRIPTION WAS WRITTEN 69 YEARS AGO

The True History of Father John's Medicine

Father John's Medicine was originally prescribed for Mrs. Esther Johnson, of Lowell, on June 9, 1855, and from it evolved its name.

The prescription was first compounded at the old drug store on Merrimack St., which was established in 1827 and is still doing business at the same location, although modernized and brought up to date, of course.

For many years the prescription was put up one bottle at a time, at this drug store, and as Father John himself recommended the medicine to his parishioners and they in turn, proving its value, told others about it, the use of the medicine has constantly increased.

The history of Father John's Medicine is one of steady growth in ever-widening circles. Its value is known now in no coast to coast,

It Dries Over-Night!
