President

JOSEPH F. BATTLEY

Joseph F. Battley, President of the National A
the United States Army in 1947 as a Brigadier
he became Executive Assistant to Ernest T. Tri
and was elected President in November of the sa
re-elected for three-year terms in 1948, 1951 and

His Army experience and responsibilities fitte
to our industry. His direction of the Chemical D
Recovery Administration in 1933 gave him an inti
manufacturer's problems and requirements in th
soap, chemicals and related industries. This back
perience in military procurement and production,
of government mobilization, planning, staff and c
reflected in the coordinated achievements of our in
its excellent record of cooperation with governmen

President Battley maintains constant contact
and attends meetings all over the country. His
dynamic spirit of cooperation with organized gro
dealers, contractors, jobbers and representatives o
tries and our customers and assures our industry
in the years to come.

OUR 70TH ANNIVERSARY

The first meeting to organize an association of paint and varnish manufacturers was held at the Grand Union Hotel, Saratoga, New York, on September 11, 1888. There were in existence at that time several paint clubs which were strictly local or regional in scope. Because paint was distributed mainly through drug stores, many paint manufacturers were members of the National Wholesale Drug Association.

The first and oldest paint club was the Paint and Oil Club of New England, organized February 23, 1884. It is still a thriving organization as the New England Paint, Varnish and Lacquer Association. The St. Louis Paint, Varnish and Lacquer Association held its first meeting on December 18, 1886. The first meeting of the Chicago Club was held February 25, 1887. The New York Club was organized February 26, 1887 and celebrated its 70th birthday earlier this year. The Philadelphia Club was organized October 1, 1887 and the Pittsburgh Paint and Drug Club came into being on May 24, 1887 and also celebrated its 70th Anniversary this year. George B. Heckel, in his history of the American paint and varnish industry, "THE PAINT INDUSTRY" calls attention to the fact that the Cincinnati Club also had been organized in 1888.

Delegates of the various paint and oil clubs met in Saratoga and agreed on the organization plan and decided on the name "National Paint, Oil and Varnish Association of the United States".

In the decades following the organization of this association, the manufacturers in the industry, while almost invariably retaining their membership in the National Paint, Oil and Varnish Association, formed separate organizations which developed as follows:

Paint Grinders' Association of the U. S., organized May 8, 1889.

Paint Manufacturers' Association of the U. S. (a change of name by the Paint Grinders' Association) in 1907.

National Varnish Manufacturers' Association, organized November 3, 1903.

American Paint and Varnish Manufacturers' Association, organized October 11, 1926, being a combination of the above two.

Unification of the National Paint, Oil and Varnish Association and the American Paint and Varnish Manufacturers Association was brought about November 1, 1933 at the annual meeting of the industry held in Chicago. New conditions clearly demonstrated the interdependence of the various factors of the industry in cooperating with the Government through a single powerful organization of its own, with maximum prestige and benefit for the individual members and the industry as a whole.

At that time the National Paint, Varnish and Lacquer Association was founded, destined to play a dominant part in the industry's progress. Today, in its splendid Washington headquarters, it is a highly efficient and well regarded organization which renders valuable and varied services to its members.

ANTI-BRIBERY AGREEMENT

WHEREAS, *The Federal Trade Commission*, at Washington, has decided that the practice in trade of manufacturers or dealers, secretly giving commissions, gratuities, or other things of value to employees of concerns to whom they sell is unfair competition; and

WHEREAS, The members of the National Paint, Varnish and Lacquer Association, Inc., are in full sympathy with the purpose and wish to cooperate with the *Federal Trade Commission* to eliminate the practice:

Therefore, We hereby agree for ourselves individually, our respective companies, salesmen and employees, not to permit the gift of any commission, gratuities, or other things of value to employees of concerns to whom we sell; and we further agree not to allow our salesmen expense money for any other purpose than for legitimate expenses, and not to permit any funds to be dispensed in any illegal way to influence business.

We are signing this agreement irrespective of our membership in the National Paint, Varnish and Lacquer Association, Inc., or contemplated membership or because signing it is compulsory in order to become members or to continue membership in said Association.
