Northbrook, Illinois 60062

Dear Joe:

I indicated on a separate memo about our project on our Aroclor studies that our trip to Europe had been postponed. Subsequently, I thought I had better put this in a separate note if you are still in Florida.

Our people in Europe have suggested that we delay our trip so that we can attend a meeting in Brussels on May 14. With this in mind we haven't yet firmed up any itinerary but I expect we may leave on April 30, spend the next week in Great Britain, and go to Sweden and Holland the first part of the week of May 11.

I will keep you informed as our plans develop.

Sincerely,

Elmer P. Wheeler
Manager, Environmental Health
