Subject: Thank you!

I just got off the phone with Mr. Chu. I cannot thank you enough for arranging the opportunity for us to connect ahead of time. He was so gracious, friendly, and very reassuring on some of the things that had been on my mind. He sounds like a terrific guy and I cannot wait to start working with him.

I'm very humbled at this opportunity to join your team. Thank you again for believing in me, and I promise you I will not disappoint you. Please share my comments with the administrator. All the best Ryan!
