Monsanto

FROM (NAME & LOCATION): W. H. Lane, Texas City, TX (Ext. 2256 - Mail Code 2R5)

DATE: September 14, 1976 CC: Dorothy Boyd

SUBJECT:

REFERENCE:

TO : J. A. Glass

Dorothy Boyd has made a safety suggestion that I think is a good one and worthy of your attention. It is as follows: "Street drains that are in the yellow lines designating where people should walk. Some are not covered with a mesh so that the footing would be steady, or that a foot would not be caught in the drain grating."
