DOCUMENT DESCRIPTION: J-M Memo RE Paper C.S Thompson "Asbestos in Your Future"

Johns-Manville

File: talc

Internal Correspondence

To:

[REDACTED]

Date: February 17, 1977

From: J. P. Leineweber 1-04

Copies: R. Lamar 3-05 W. C. Streib R&D File Chrono

Subject: PAPER BY C. S. THOMPSON
"ASBESTOS IN YOUR FUTURE"

I believe there is sufficient information in our files concerning our opinions on Dr. Thompson's campaign to convince the regulatory authorities that a fiber is not a fiber. This type of thinking is one of the reasons that industry in general will continue to have a bad reputation in the eyes of those who sincerely want to protect the worker.

The quality of this Paper is typified by the illustrations of the asbestiform and non-asbestiform varieties of chrysotile and amosite. Obviously, a competent mineralogist would not let an error of this magnitude slip through.
