J. Novak - 7/12

Re Assignment #3 on Pyrex products to investigate status of asbestos -
Warning Label status, we found that label contents had been approved by
Legal Dept., but finished label artwork had not been requested.

This assignment is now complete with label L-1-610 issued in PAS-9-1-182
(dated 5/17/71). The plant can now purchase labels from Dupl. Div. at
Willis Day, Toledo, and use on Pyrex products.
