Dear Dr. Pagels:

I wish to thank you for inviting me to The New York Academy of Sciences meeting to discuss the asbestos disability compensation claim issue. Unfortunately I will be on vacation that entire week and unable to attend.

The issue of disability compensation from all causes presents many challenges to occupational physicians and asbestos-related conditions are an important component. For these reasons I will be interested in any recommendations or particular points of view which evolve from the meeting.

Sincerely,

Bruce W. Karrh, M.D.
Corporate Medical Director
