*Distinguish different waste mixtures that would otherwise have the same mixture code by the use of a suffix numeral. Example:

UOMX - 1 contains:		UOMX - 2 contains:	
1.	U096	1.	U004
2.	U102	2.	U011
3.	U174	3.	U049
4.	U003	4.	U070
5.	U218	5.	U141
6.	U043	6.	U246
7.	U210	7.	U128
8.	U163	8.	U211
9.	U188	9.	U130
10.	U204		

NOTE: Reporting is not required for waste that is excluded from regulation. See 40 CFR Parts 261.4, 261.5, 261.6, 261.7, 262.11, 264.1, and 265.1. Examples: Waste treated in totally enclosed treatment facility, elementary neutralization unit, etc..

Line 2 - Description of Waste - For listed wastes (See Appendix, 40 CFR Part 261, Subpart D), enter the EPA listed name, abbreviated as necessary. For unlisted wastes (See Appendix, 40 CFR Part 261, Subpart C), enter the appropriate characteristic term and the contaminant where appropriate. Add your own description when you feel it is needed for clarification.

Line 3 - On Hand, On-site on January 1, 1985 - Enter the amount of waste received from the off-site waste handler, regardless of when it was received (expressed in tons to the third decimal place) that was in storage on your property on January 1, 1985. (Waste placed in a disposal unit is considered disposed, not stored, and should not be shown on Line 3.) (NOTE: The numbers you enter in the boxes should be as far to the right as possible in all cases so that they may be easily added.)

Line 4 - Received During 1985 - Enter the total weight of the waste or waste mixture you received in 1985 from the off-site waste handler for treatment, storage, disposal, reshipment, etc..

Line 5 - Total Amount for Which to Account - Enter the sum of Lines 3 and 4.

Line 6-9 - Reshipped to: - Enter the EPA I.D. Number and Name of the waste handler to whom the waste received from the off-site handler was reshipped for treatment, storage, disposal, reshipment, use, reuse, recycling, or reclamation. Enter the amount of the waste. Use a different line for each waste handler.

Line 10 - Treated On-site - Enter the amount of waste received from the off-site handler that was treated on your property during the year.
