Dear Mr. Kantz:

Pursuant to our telephone conversation I am transmitting to you a duplicate set of Tenneco's waiver submissions under requirements of the vinyl chloride standard. I have used a blue "hi-liter" pen or our confidentiality stamp to identify those words, numbers, phrases or pages which I consider either confidential or proprietary.

Please be advised that the blue marking pen is not reproduced on a Xerox machine.

Thank you for the opportunity to provide these annotated copies. For your convenience I have combined the Burlington and Flemington submissions into one volume each.

Very truly yours,

TENNECO CHEMICALS, INC.
