TO MR W. S. CLARK
ST. LOUIS

CC LEN BERLIK-CHICAGO

CONTACTED: Keith Cranker, Section Head Polysulfide Caulks and Sealants. Murray Rosen, Chemist - Don Lyons, Chemist

PURPOSE OF CALL:

Discuss status of Aroclor 1254 replacement program.

RESULTS:

Grace purchased 200,000 lbs. of Aroclor 1254 in August which represents a stock-pile for usage until late 1971. This has bought them 12 to 16 months of development time to find a substitute for 1254 in polysulfide caulks and sealants. Grade is leaning heavily toward a 6460 blend of A-5460 dissolved in S-261. Could Monsanto provide a custom blend?
