PLAINTIFF'S EXHIBIT WRG-429

April 27, 1964.

Dr. J. M. Cairns
Libby
Montana

Dear Dr. Cairns:

Prior to your last staff meeting, I discussed with your chairman, Dr. Nelson, the possibility of our having another blanket chest X-Ray survey conducted on our employees. Dr. Nelson informed me that this was brought up at your meeting and it was felt advisable to have a meeting to discuss this.

We would like to have you join us for lunch, Tuesday, May 5, at the Caboose at 12 noon to discuss this program. We will appreciate your attending.

Sincerely yours

ZONOLITE DIVISION
W. R. GRACE & CO.
