I attach a letter from Charles Robertson of Ensco who operates an incinerator at Eldorado, Arkansas. The letter is self explanatory.

If we have not already purchased the lease of PCB cars, it appears to me we could benefit by arranging a transfer of the lease to Ensco. I would appreciate comments from Cole and Fred as to any specific concerns they may have about such a transaction.

I would be grateful if you could keep me informed as to your plans to follow up with Ensco. My commitment to Charles Robertson was to get his formal request into the appropriate department for action.

Thank you.
