Attached is the second draft of a news release summarizing Dr. Pour's re-evaluation of Dr. Kimbrough's study. It incorporates comments from Dr. Levinskas, Messrs. Papageorge and Wood.

Please let me have your comments and/or approvals as soon as possible tomorrow morning.

We need to clear the final version with Dr. Pour and have copies printed for distribution in Chicago on Wednesday, following Dr. Kimbrough's presentation.

I'll have to print the news release late tomorrow morning. Your cooperation is appreciated.
