Subject: RE: Follow up to our discussion on PFAs

Dear [REDACTED],

Following our discussion on PFAS last July, I would like to share with you the position paper adopted this summer by DIGITALEUROPE. This paper was submitted in annex of our contribution to the Call for evidence and addresses some fundamental points such as the notion of “essential uses”.

We hope this will be useful to your work on the upcoming PFAs action plan. I would be very pleased to organize a discussion with two of our members who actively contributed to this paper: [REDACTED] ([REDACTED] [REDACTED]) and [REDACTED] ([REDACTED]). They could explain the rationale behind this paper and share with you the input they gathered over the last months with their experts. Please let me know if you would be interested in such discussion and if you have some availabilities the week starting on 21 October.

Kind regards,

[REDACTED]

Subject: Follow up to our discussion on PFAs

Dear [REDACTED]

Many thanks for our interesting discussion on PFAs this morning. It was good to connect and better understand the state-of-play. I am happy to stay in touch with you and hopefully share views from our industry once we'll have gathered more data and insights.

Have a nice day,

Kind regards,

[REDACTED]
