# School Girls

**Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.**

School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch enemy is at hand.

**Lydia E. Pinkham's Vegetable Compound** has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of **Lydia E. Pinkham's Vegetable Compound and Liver Pills.** When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give **Lydia E. Pinkham's Vegetable Compound a**

## A GOOD BUSINESS

Selling two full carloads of New Era Paint in four months is a very good business. That's our record. The people are realizing that it pays to use a Lead, Zinc and Linseed Oil Paint; they are realizing that water, fish oil, corn oil, kerosine, bartha, whiting, barytes, china clay, or lime are all adulterations and injure paint; they are realizing that New Era High Grade Paint is just as we represent it, as good a paint as is possible to make. This accounts for our increase of trade. We show you the correct analysis of our paint with pleasure. If you have not tried it, have your house painted with it and be satisfied.
