Labor relations

No problems this month.

Safety and Community Relations

Mr. Al Trommershausen, Director, Industrial Hygiene Services made a survey of the Accessory Plant for air-borne asbestos. All employees in the Accessory Plant have been scheduled for an asbestos type physical. He also made a noise survey in the Board Plant.

One of the loaders reported that his new hard hat has saved a lump on his head and that the rest of the crew working with him have requested hard hats.

An elevator has been ordered for elevating the popper beads to the feeder bin in the Accessory Plant.
