AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address in upper on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and says plainly in delivery.

Insure valuable parcels except those containing small articles of excessive value which should be registered.

Wrap parcel post carefully to heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.
