Harold J. Magnuson, M.D.
Institute of Industrial Health
University of Michigan
Ann Arbor, Michigan

Dear Harold:

I was able to supply your French correspondent, Dr. Angue, with copies of both of the articles which he was seeking. As it happened I had a carbon copy of the manuscript of the report of Eldridge, Vedder et al., of their investigations at Edgewood Arsenal, as well as a few remaining reprints of my article.

With best regards.

Cordially yours,

RAK:vr

Robert A. Kehoe, M.D.
