BY MR. McGOWAN:

Q Can you identify those photographs?

(Whereupon, photographs tendered to witness.)

A Yes, this is a photograph of a carton of Kaylo that was located in Chicago, Illinois.

Q Did someone from Owens-Corning find that box?

A Originally this box was found by plaintiff attorneys, this particular box.

Q You don't mean these plaintiff attorneys here?

A No, I don't. And I was asked questions about this particular box in a court scene such as this, and after that court I asked if this box was available, could I actually go and review it and take measurements of it, look at it and see what was the condition of it and all, which I was allowed to do.

And that is what these photos are.

Q Was there a caution label on that box?

A Yes, sir, there was a caution label on it.
