Ryan

I spoke with Lynn Bergeson today. She explained that she had spoken with you and has agreed to draft a letter and then seek to have former Chairs of the ABA Environmental Section sign on to the letter. She asked for my resume and I have sent that to her.

I will report tomorrow after my call with Joe Andrew.

I am working on some follow up questions on the financial disclosure form and hope to have that form revised by Thursday.

Regards,

Peter

The Honorable Christopher C. Collins
United States House of Representatives
1117 Longworth House Office Building
Washington, D.C. 20515

Dear Congressman Collins:

Marshall McLean of Bernardsville, New Jersey is interested in serving as the US Environmental Protection Agency Administrator of Region II. I am writing to recommend Marshall as highly as I can.

Marshall has experience dealing with complex environmental issues. He spent eight years as an environmental attorney for firms such as McCarter and English, LLP and Reed Smith, LLP. His work focused on providing solar energy for residents throughout the Tri-State area and included advocacy for land preservation and environmental remediation. I am confident Marshall will be able to draw on these private sector experiences to be an innovative leader at the EPA.

Marshall has also devoted his time to address the environmental needs of our Nation in a volunteer capacity. He serves as the President of the Board of Directors of Grid Alternatives, a non-profit organization that strives to bring solar energy to areas whose access to such energy is limited, and as a Board of Trustees member for the Land Conservancy of New Jersey. The youngest member ever named a Trustee on the New Jersey Bar Association's Environmental Section, Marshall possesses a longstanding passion that will enhance the EPA.

I have the utmost respect for Marshall and I am confident he would succeed if chosen to serve in the Administration. He is a person of impeccable integrity and possesses a firm commitment toward public service. I appreciate your consideration of my letter of recommendation for him. I would be happy to discuss his candidacy further with you. Best personal wishes.

Sincerely,

A handwritten signature in cursive script that reads "Leonard Lance".
