Monsanto

FROM (LOCATION) St. Louis - General Offices CC:

DATE : August 11, 1965

SUBJECT : PYROCLOR

RECD 16 AUG 1965

REFERENCE : Your letter to Dr. Kelly August 5, 1965

TO : D. V. N. Hardy
Monsanto, London

Since Dr. Kelly is away on vacation, I am taking the liberty of responding to your note of August 5.

I have certainly never heard of any effect such as you describe in the patient who alleges progressive mental deterioration from a single exposure to chlorinated hydrocarbons products. I would certainly think that this incident has nothing to do with the man's illness.

I will call this to Dr. Kelly's attention and if he has any information to the contrary, I am sure you will hear from him.

M. N. Johnson
