of Exhibit HH, where you send certain items to the Asbestos Study Committee; is that correct?

MR. FRIESTEDT: What's the date on it?

THE WITNESS: Yes, this is June 4, 1975.

MR. FRIESTEDT: Thank you.

A This is things that Ike Weaver had sent me that I'm sending onto the committee, yes.

Q Okay. And in there you mentioned materials from Mr. Weaver that you then forwarded to the Asbestos Study Committee members; correct?

A Yes.

Q In that attachment is an Asbestos Study Committee report which I handed you as part of Exhibit HH?

A This -- yes. This is this, but this is completely separate. This is not one of these four items here.

Q Okay. I apologize, they were produced together. You seem -- you are correct.

Let me then mark as II as next in order something called the Asbestos Study Committee report.

(Exhibit II, Asbestos Study Committee Report, marked for identification).

MR. FRIESTEDT: The attachment is no longer a part of HH?
