UNITED STATES MILITARY ACADEMY
West Point, New York

8 November 1976

DEAR SIR,

I am presently a student at West Point doing a case study in the recent issue of poly-chlorinated biphenyl pollution in the upper Hudson River. My argument is that "big business" is doing something with respect to this problem.

I am writing to you, to ask you for any information you can send me on your role and your company's role in solving this problem. My requirement is due on 6 Dec 1976, you can see that any help rendered would be greatly appreciated. Thank you.

Sincerely yours,
Thomas Grant III
