GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report NON-PRESSURE SEWER PIPE is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 1500, 2400, 3300, 4000 and/or 5000 & UP specifications and which is shipped to a final destination within the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the footage of 4-inch thru 36-inch non-pressure sewer pipe shipped to all regions regardless of Class and/or diameter without allowance for fittings. (b) TOTAL TONS includes fittings.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas as geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

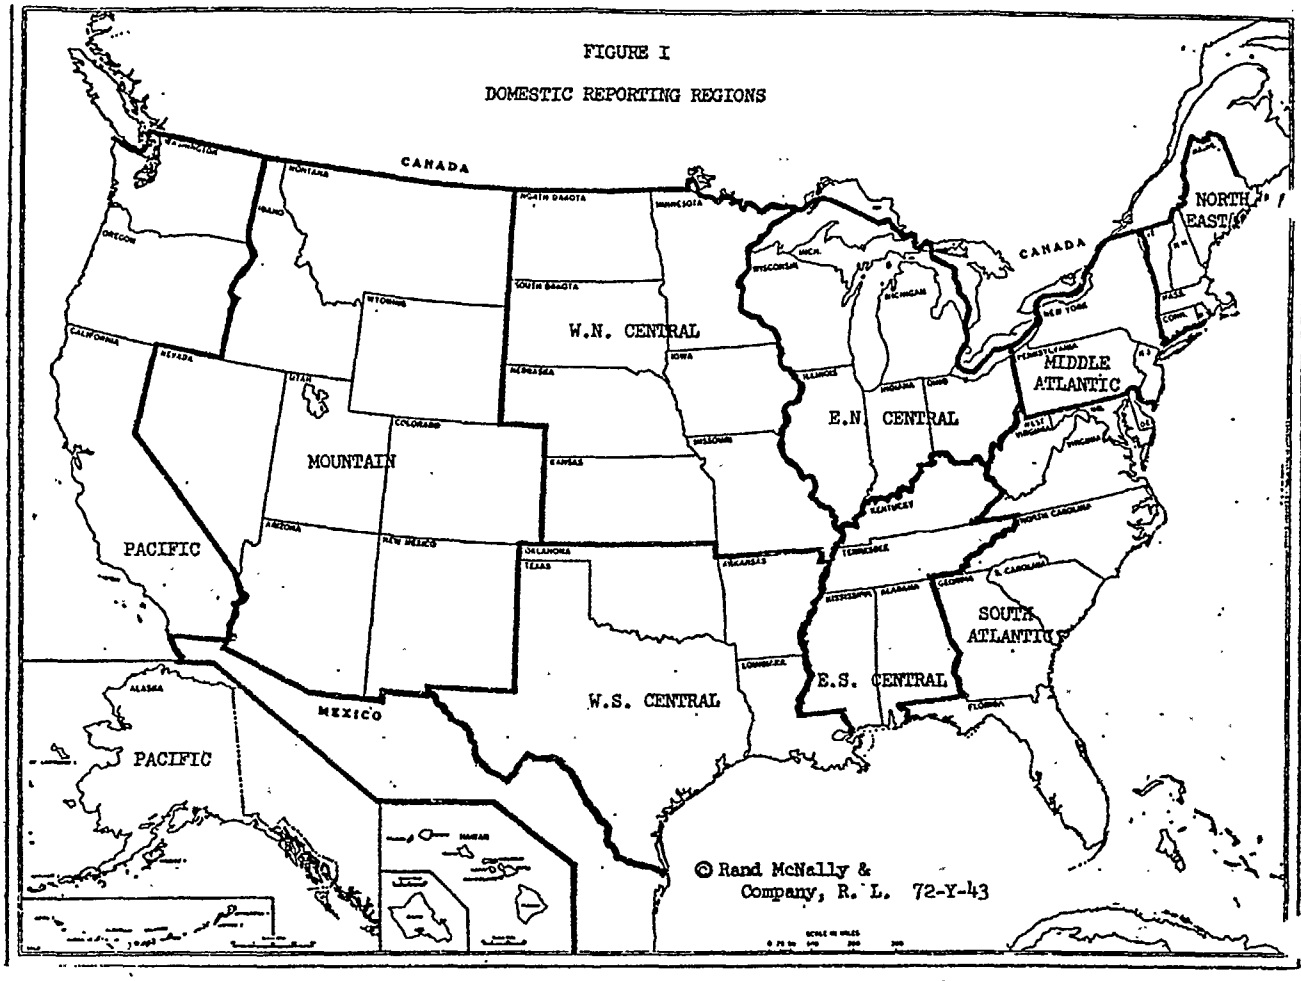
DOMESTIC REPORTING REGIONS



GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report PRESSURE pipe is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 100, 150, and 200 specifications and which is shipped to a final destination with the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the total footage of 4-inch thru 16-inch pressure pipe shipped to all regions regardless of Class and/or diameter. (b) GROSS AGGREGATE TONNAGE means the aggregate sum in tons of all domestic A/C pipe shipments.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report NON-PRESSURE SEWER PIPE is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 1500, 2400, 3300, 4000 and/or 5000 & UP specifications and which is shipped to a final destination within the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the footage of 4-inch thru 36-inch non-pressure sewer pipe shipped to all regions regardless of Class and/or diameter without allowance for fittings. (b) TOTAL TONS includes fittings.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas as geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report PRESSURE pipe is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 100, 150, and 200 specifications and which is shipped to a final destination with the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the total footage of 4-inch thru 16-inch pressure pipe shipped to all regions regardless of Class and/or diameter. (b) GROSS AGGREGATE TONNAGE means the aggregate sum in tons of all domestic A/C pipe shipments.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report NON-PRESSURE SEWER PIPE is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 1500, 2400, 3300, 4000 and/or 5000 & UP specifications and which is shipped to a final destination within the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the footage of 4-inch thru 36-inch non-pressure sewer pipe shipped to all regions regardless of Class and/or diameter without allowance for fittings. (b) TOTAL TONS includes fittings.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas as geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report PRESSURE pipe is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 100, 150, and 200 specifications and which is shipped to a final destination with the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the total footage of 4-inch thru 16-inch pressure pipe shipped to all regions regardless of Class and/or diameter. (b) GROSS AGGREGATE TONNAGE means the aggregate sum in tons of all domestic A/C pipe shipments.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report NON-PRESSURE SEWER PIPE is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 1500, 2400, 3300, 4000 and/or 5000 & UP specifications and which is shipped to a final destination within the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the footage of 4-inch thru 36-inch non-pressure sewer pipe shipped to all regions regardless of Class and/or diameter without allowance for fittings. (b) TOTAL TONS includes fittings.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas as geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

DOMESTIC REPORTING REGIONS

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report PRESSURE pipe is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 100, 150, and 200 specifications and which is shipped to a final destination with the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the total footage of 4-inch thru 16-inch pressure pipe shipped to all regions regardless of Class and/or diameter. (b) GROSS AGGREGATE TONNAGE means the aggregate sum in tons of all domestic A/C pipe shipments.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report NON-PRESSURE SEWER PIPE is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 1500, 2400, 3300, 4000 and/or 5000 & UP specifications and which is shipped to a final destination within the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the footage of 4-inch thru 36-inch non-pressure sewer pipe shipped to all regions regardless of Class and/or diameter without allowance for fittings. (b) TOTAL TONS includes fittings.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas as geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

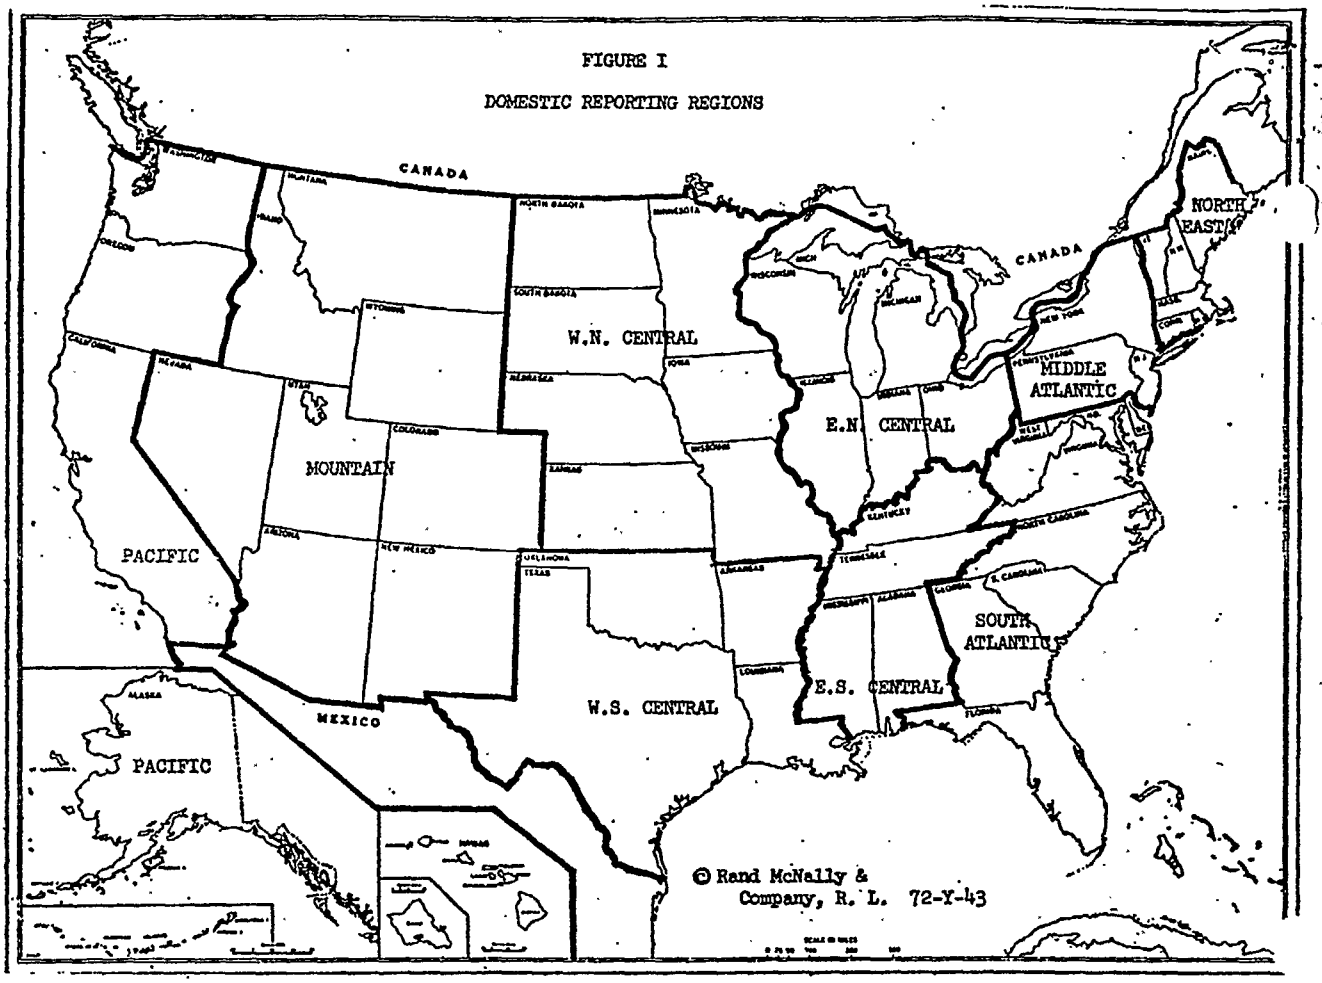
DOMESTIC REPORTING REGIONS



GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report PRESSURE pipe is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 100, 150, and 200 specifications and which is shipped to a final destination with the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the total footage of 4-inch thru 16-inch pressure pipe shipped to all regions regardless of Class and/or diameter. (b) GROSS AGGREGATE TONNAGE means the aggregate sum in tons of all domestic A/C pipe shipments.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

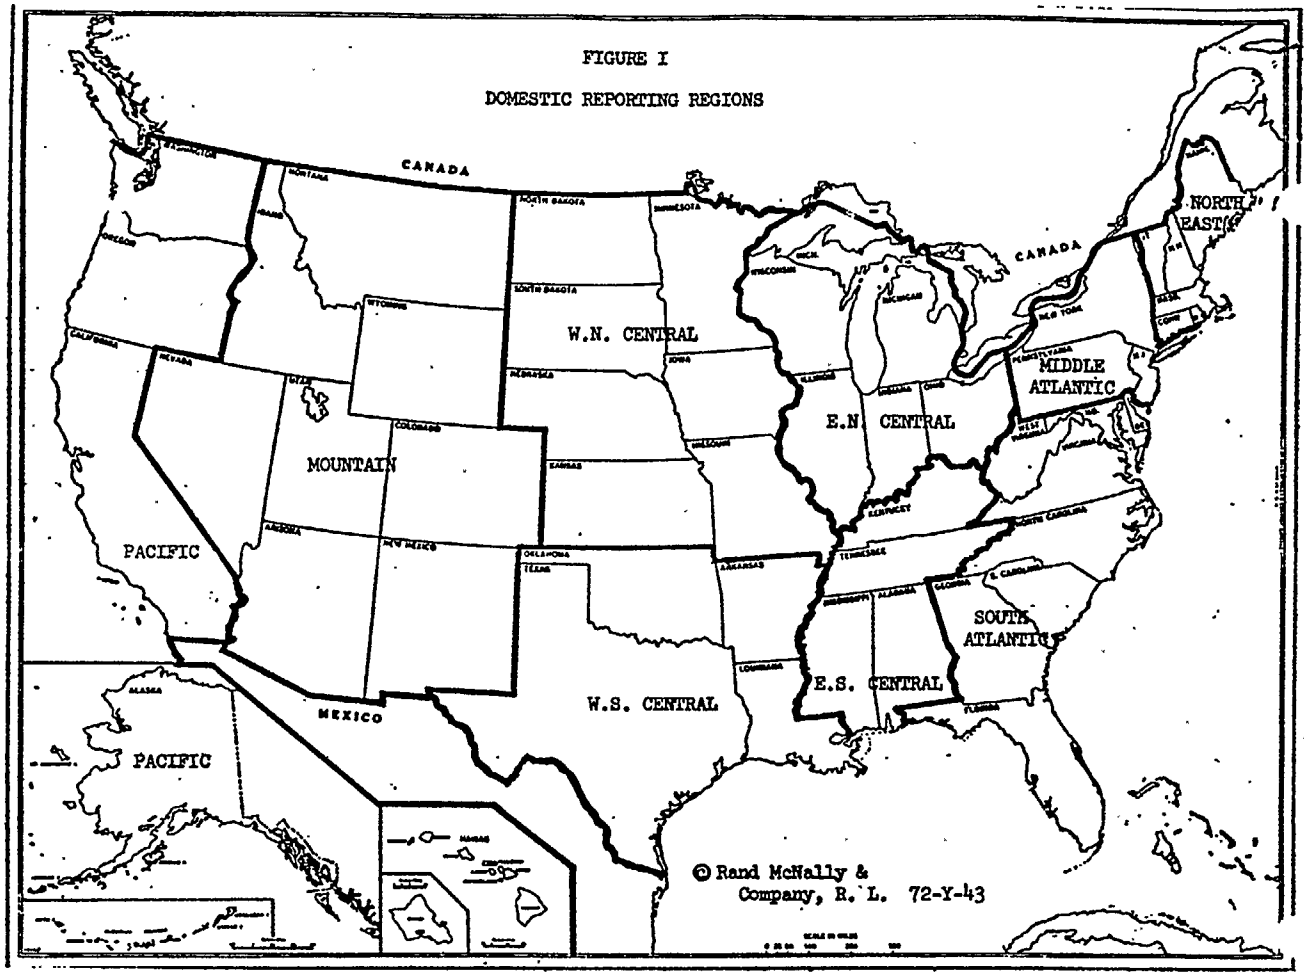
DOMESTIC REPORTING REGIONS



GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report PRESSURE pipe is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 100, 150, and 200 specifications and which is shipped to a final destination with the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the total footage of 4-inch thru 16-inch pressure pipe shipped to all regions regardless of Class and/or diameter. (b) GROSS AGGREGATE TONNAGE means the aggregate sum in tons of all domestic A/C pipe shipments.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.

GENERAL INSTRUCTIONS

1. This report is to be forwarded within 45 days following the month for which the report was made to: Priestland Associates
   2321 Kimbro Street
   Alexandria, Virginia 22307
   (703) 768-8811
   This report and the information contained in it will be kept confidential. The data regarding shipments contained in this report will be consolidated with similar data for the same month from other reporting companies. Only the totals for each category will be reported to and by the A/C Pipe Producers Association (AACPP). No totals will be reported for any category until such time as at least three companies have reported shipments in such category for a period of three consecutive months.
2. Do not include in your report shipments by your company to other AACPP members. Products shipped by your company to another AACPP member will be reported by that member upon shipment by it.
3. For purposes of this report NON-PRESSURE SEWER PIPE is defined as ASBESTOS-CEMENT pipe which is in conformance with CLASS 1500, 2400, 3300, 4000 and/or 5000 & UP specifications and which is shipped to a final destination within the continental U.S., including Alaska and Hawaii.
4. SHIPMENTS for purposes of this report mean FOOTAGE shipped in thousands of feet.
5. For purposes of this report: (a) EQUIVALENT TONNAGE means tons equivalent to the footage of 4-inch thru 36-inch non-pressure sewer pipe shipped to all regions regardless of Class and/or diameter without allowance for fittings. (b) TOTAL TONS includes fittings.
6. SHIPMENT REGIONS for purposes of this report correspond to AACPP reporting areas as geographically depicted in FIGURE I.
7. The person at the reporting company to whom questions concerning the report are to be directed should be designated in the space provided.
