REQUEST TO MONSANTO COMPANY
FOR SAMPLE QUANTITY OF PRODUCT
CONTAINING POLYCHLORINATED BIPHENYL ("PCB")

1. Name and address of organization making request:
Sloan-Kettering Institute for Cancer Research
145 Boston Post Road
Rye, New York 10580

2. PCB product requested: Aroclors 1221, 1242, 1016

3. Quantity requested: 250 ml (1/2 pint)

4. Reason for request: Research on effects of PCB exposure on commercially important mollusks and arthropods. Specifically, the effects of PCB on microsomal mixed-function oxidases.

5. Use to which sample of PCB-containing product will be put:
Administration to laboratory animals by injection and by topical application.

6. Disposition to be made of any unused portion of sample:
Commercial disposal with other biohazardous and radioactive chemicals in approved metal drums.

MONS 096292

7. Names and brief description of educational background and job responsibility of person(s) who will be working with sample:

Robert S. Anderson, Ph.D.

Head of laboratory studying the phylogeny of cancer and immunity (Section Head, 6141).

The undersigned organization represents that: the foregoing statements are true; it understands that if Monsanto elects to supply the requested sample of a PCB-containing product, Monsanto does so in reliance on the truth and accuracy of the foregoing statements; the person(s) designated by the undersigned organization who will be working with the sample is (are) aware that PCBs have been identified as a potential hazard to the environment and that regulations concerning their use or disposition are contemplated or may exist; that the label accompanying any sample will be read and cautions and instructions thereon will be observed; and that care is required in the disposition of PCB-containing products so as to avoid any adverse effect on human health and the environment.

NAME OF ORGANIZATION:

Sloan-Kettering Institute for Cancer Research
