September 25, 1985

Mr. John Starke, President
International Union of Operating Engineers
Local 361
Route 2 Box 70
Libby, Montana 59923

Dear John:

Per your request, I am transmitting a copy of:

1. Radiologic Changes In Vermiculite Workers Exposed to Tremolite.

2. Mortality of Vermiculite Miners Exposed to Tremolite

3. Estimation of Amphibole Exposure from Asbestos Body and Macrophage Counts in Sputum

These are the joint NIOSH and McGill University papers which were presented in England as a result of the health studies of our people.

Sincerely,

W. R. GRACE & CO.
