Jess -- Tate Bennett is taking a look at Mosaic. We also have a scheduling meeting tomorrow so I'll ask them to look at this and whether we could incorporate it during our FL trip on October 16-17. I'm in Australia this week and next so I'm a little out of pocket.

Will report back.

Scott,

Thank you for the return phone call. You indicated that Peabody would like to extend an invitation for the Administrator to visit a mine while in Sydney. We would love to gather a bit more info and determine a good time given our current schedule.

Look forward to chatting further,
