A GOOD BUSINESS

Selling two full carloads of New Era Paints in San Diego is a very good business. That is our record. The people are realizing that it pays to use a Good Zinc and Linseed Oil Paint; they are wearing the water, fish oil, corn oil, kerosene barrels, whiting, barytes, china clay, or any of the adulterations and substitutes; they are realizing that New Era Paint is just as we represent it, a good paint as it is possible to make. This accounts for our increase of trade. We show you the correct analysis of paint, and with pleasure. If you have not tried it, have your house painted with it and be satisfied.
