NIOSH.

I got it by asking through the Freedom of Information for all of their information about brake repair work.

Q Is that just a regular procedure to get governmental information?

A Yes, sir. I do it all the time.

Q Okay.

A And so this particular first number talks about three different circumstances in a study that was done -- really it was done in '79, but it was reported early in 1980, done by Mr. Roberts.

Q Could I stop you right there?

During Dr. Dement's testimony, he talked about an individual that worked for him when he was in NIOSH, Dennis Roberts.

Do you know if that is the same person?

A Same guy, Dennis R. Roberts.

Q Okay. Go on. I am sorry.

A Okay. This happened to have been done in New York City in three different -- for vehicle repair
