141-C
Annual Report
1930

COMMERCIAL RESEARCH DEPARTMENT

Chlorinated Diphenyls (Aroclors)

1930 Expenditure: $10,768.05

Review of Work:

The market development of the Aroclors was handled through the Commercial Research Department by Messrs. Penning and Aycock during the first half of the year. In July, Mr. Aycock was transferred to the New York Sales Office from which he continued to work upon this problem and in August, Mr. Penning was transferred to the Research Department at Anniston and he also continued upon the same problem. The year's work is summarized in Mr. Penning's report of December 31, 1930, entitled "Progress in Aroclor Sales Department During 1930".

The 1930 sales of the distilled Aroclors are summarized by the Research Department in the Consolidated December Report under 141-R.
