Training dates have been fixed for an outside consultant to present statistical quality control seminars. These dates are as follows:

July 8	Executive Overview of Statistical Quality Control and the Deming Philosophy
August 5-8	Basic Statistical Process Control Training
August 19-22	Training Trainers to Teach Statistical Process Control to Production Workers
September 16-19	Basic Statistical Process Control Training

We must regard these dates as firm. To achieve another date will result in a minimum 2 month delay.

Please mark your calendars to attend the July 8 session and <u>either</u> the August 5-8 <u>or</u> the September 16-19 session.

The location of the training will be announced later.
