1953 INLITE CATALOG

FRICTION MATERIAL POPULAR TRUCK BRAKE LINING SECTION

All popular truck applications are listed on the following pages. An alphabetical and numerical pattern has been followed. The brake location listing, "F" for front axle and "R" for rear axle, simplifies the selection of correct Inlite set to be used.

This section also includes rivet size and quantity used. Everything necessary to make a lining replacement on all popular trucks is shown.

For complete brake specification data see Inlite Brake Lining Specification Table shown on page 20. Listing all specifications for each part number numerically.
