

1 A Yes.

2 Q He talked about the use of chest X-rays to
3 diagnose asbestosis?

4 A Yes.

5 Q He talked about the appearance of asbestosis
6 pathologically?

7 A Yes.

8 Q He talked about asbestos bodies that you
9 have told us about a little bit?

10 A Yes.

11 Q So all of these things were well documented
12 in the medical and scientific literature to the point
13 where they appeared in a textbook in 1968; isn't that
14 correct?

15 A Yes.

16 Q Okay. And, also, Dr. Lanza in his book
17 Silicosis and Asbestosis published in 1938, mentioned,
18 did he not, that there was some association, although
19 they weren't sure about it, of the potential of
20 bronchogenic carcinoma in association with asbestosis;
21 isn't that correct?
