GREEN FIELDS FOR GOLDEN YEARS AHEAD

• Green fields spreading over millions of new acres. *Profitable fields* . . . that bring to farmers a new source of steady income, as agriculture strives to meet industry's fast-growing demand for soy bean products. • The Glidden Company long has pioneered in soy bean research and development. Glidden Soyalastic Paints . . . especially formulated for rural use . . . owe much of their lasting service and beauty to special Glidden soy bean oil. • So diversified are the uses of soy bean products that today the Glidden Soy Bean Division sells in tremendous bulk to manufacturers of bakery shortenings, bake goods, confectionery, cereal beverages, paper, animal foods, cosmetics, automobile parts and accessories, diabetic and packed foods, plastics, pastes and glues, and many other commodities. • Glidden soy bean processing is just another indication of this company's diversified service to industry at large. Once known only as a manufacturer of fine paints, varnishes, and lacquers, The Glidden Company now supplies a remarkably wide range of commodities to world markets.

Precious are the memories that trees recall

Trees! Venerable trees! Trees that awaken memories of sunlit and shadowed years. Green-roofed temples echoing the murmured hopes of another generation. Priceless trees that have seen many yesterdays and, living today, will live many tomorrows—if you give them a little care.

To owners and lovers of fine trees the Davey Tree Expert Company offers a nation-wide service—truly economical because Davey men are experts. Carefully selected, thoroughly trained, and provided with modern equipment, Davey men deliver *more* and *better* service per dollar than you can obtain elsewhere.

LET DAVEY MEN PRESERVE THEM THE COST IS SMALL

The Davey organization, although national in scope, knows thoroughly the conditions that may affect the health of *your* trees, because Davey men live in *your* immediate vicinity. Their work is constantly checked by the famed Davey Institute of Tree Service at Kent, Ohio.

Davey Tree Service includes scientific diagnosis, drainage, feeding, spraying, pruning, cabling, bracing, installation of lightning conductors, skilful surgical treatment, and the expert moving of large trees.

If you prize your trees as grand old companions, have a Davey man give you a report on their condition. This will cost you nothing. Simply 'phone or write the nearest branch office listed below and a fully qualified Davey Expert will be sent to inspect your trees. *And remember—every* Davey Tree Expert is in the *direct* employ of the *responsible* Davey organization.
