Thank you Brittany! Kel, I look forward to touching base on the Bay Harbor issue. Please let me know how best to proceed.

Samantha, who should we be in touch with about the offer for a site visit to our Ludington Pumped Storage facility? Thanks! Amy

Hi Amy, and Emily -

Thank you for your email. I am connecting you with my colleague, Albert "Kel" Kelly (cc'd), who leads the Administrator's Superfund Task Force and is your best point of contact on these issues.

Best,

Brittany

Good morning, Brittany,

EEI appreciated Samantha Dravis's participation in our External Affairs conference last week. During her remarks, she highlighted, among other things, the Administrator's interest in Superfund Sites and his interest in visiting energy infrastructure in the U.S. EEI member CMS, which is located in Michigan, would appreciate the opportunity to talk to you about a Superfund Site issue in Michigan and would like to extend an invitation to EPA to visit their pumped hydro storage facility. I've copied Amy Plaster and Kiran Malone from CMS's Washington office on this e-mail so that they can continue this conversation with you and answer any questions that you may have. Thank you.

Best regards,

Emily Fisher
