Dear Mr. Marchand:

Please locate a coverall rental company that could supply all of the Mundy insulators coveralls. We would not use the Stores stock inventory. The rental cost would have to be competitive, and be serviceable for the insulator needs. If this plan is accepted, the costs would be filled through Mundy to Monsanto. The following points should be considered:

a. Cost, supply, replacement, sizes

b. How long could the insulator wear them before getting another pair? (I talked with Jim Edwards and he said we would need a separate locker if they are worn longer than one day.

c. Rental companies would have to know how to handle the coveralls, because of the asbestos.

d. We would continue tagging and placing the soiled coveralls in the plastic bag.

Sincerely yours,

Byron/sf
