MR. SMITH: I can't remember all of their job titles, but Mr. Saverstrom was a manager, Kaylo asbestos replacement.

Attached is a very interesting brochure on a new English calcium silicate called Nadinsulan A.F., produced by Joseph Nadin Limited.

The very important aspect of this product is its reinforcement which is a specific form of glass fibers. In other words, it is totally free of asbestos.

I am most concerned over the fact that a relatively unknown foreign company would develop such a product.

We have the reputation for research and development within the industry, yet we are caught with our pants down.

That is good. That was 1968.

OCF Exhibit 507.

THE COURT: It will be admitted in evidence.
