April 24, 1972

EASTERN ELECTRIC COMPANY LTD
(CANADA)

MONTREAL 5090
Mr. A. G. Erdman

Eastern Electric Company Ltd has been approved on the basis of adequate insurance coverage and we are sending the enclosed hold harmless agreements for your signature.

You will note each of the attached documents carries a different signature date by Eastern Electric's representative. Our Law Department suggests we sign both versions so that if any question as to when the agreement became effective should ever arise we will have both documents available, whowing at least one of these has been in effect since as early as January 27, 1972. (The document is identical to the one signed on April 12, 1972.)

Please return the two documents with the original signatures on them. The copies are for your files, and for sending along to Eastern Electric.

Thanks very much.

H. S. BERGEN
