His measure would have established a State Board of Massage Therapy to license and regulate practitioners License fees would have financed board operations

Strong opposition came from physical therapists, who claimed the words therapy used in connection with massage implied that masseurs could cure illness

John Piper, a spokesman for the California Physical Therapists Association, said that if prostitution was the main problem of the massage business, then we should have a law prohibiting a masseur or masseuse from working on a person of an opposite sex

Evidence Code Revision Passed

SACRAMENTO (AP) — A bill to revise the state's Evidence Code which determines what is admissible as evidence in the state's courts—passed the Senate Tuesday, 36 to 2

Sen James Cobey D-Merced co author of the lower house passed measure by Assemblyman Alfred H Song D Monterey Park said the bill was the product of seven years of work by the California Law Revision Commission

The code Cobey said hadn't been revised since 1872 and that the present 75-page bill was supported by the State Bar Association the Attorney General and the Judicial Council

The bill must now go back to the Assembly for concurrence in technical amendments
