evidence.

(Whereupon, Plaintiffs' Exhibit Number OCF-1254 was received into evidence.)

MR. SMITH: Handwritten note dated April 11, 1968 to Dr. Konzen, medical director of the corporation.

Attached for your information is the script of the WNBC-TV six-hour news program on which Dr. Selikoff appeared.

Signed by the secretary to John Vyverberg. He was a vice-president in the marketing area.

Asbestos linked to cancer. Announcer, asbestos, a common if not ubiquitous material in American life was indicted and even convicted yesterday at the seminar of the American Cancer Society in San Diego.

Commentator Frank Field stated asbestos is used in brake linings, steam iron covers, floor tiles and other products. Its major use, however, is insulation in the construction industry.

At a recent Senate hearing a medical expert
