5 PCB's Gone

Dept. of Medicine & Environmental Health D.L. Coleman, M.D.-A2SA (2138)

DATE September 22, 1980

SUBJECT Alleged PCB Exposure - Firemen
Granite City, Illinois

REFERENCE

TO File

cc J. Craddock - B2SC
J. Ortiz - E2ND
W. C. Barnes, Jr., M.D.
G. Roush, M.D.
J. H. Spraul, M.D.
E. Tillman, M.D.

Telephone call from Dr. Calvert, Granite City Steel, on 9/18/80 concerned the inquiry about the local newspaper, the Granite City Press Record, and the exams he is performing on these fire fighters. He was noncommittal and informed them that he was doing a general exam, plus laboratory tests, and does not know exactly the slant of the reporter that talked to him. Obviously, either the fire fighters or the Air Pollution Control Board have contacted the press in Granite City and we can expect some publicity to evolve from this matter.
