Don't experiment when you paint your house this spring

We've done that for you and the result of years of experimenting is S W P—Sherwin-Williams Paint (Prepared). There is an exactness in the formula and a thoroughness in the mixing of the pure ingredients that insures a perfect painting result. A gallon of S W P will cover more surface than you ever thought possible, and will wear and hold its color so well that its use is genuine economy. It's one of many Sherwin-Williams finishes, every one of which is most effective for its specific purpose. In our

Portfolio of Plans for Home Decoration

you will find everything about the use of S W P and other finishes and how to apply them with the best results—practical and artistic. It is a handsome booklet containing a score of color plates and complete decorative plans for the painter and yourself. And it's free. Let us send it to you.

It's the renewing of worn surfaces that keeps your home attractive

For furniture, floors and woodwork that is worn or dingy, use Sherwin-Williams Brighten-Up Stain. It is easily applied, dries over night, brings out the natural color of the wood and gives a fine, glossy finish. Our free

Portfolio of Plans for Home Decoration

is a practical guide for you and your painter in brightening up your home. It tells just what to use for finishing every surface. See these color suggestions before you decorate.

SWP

A house paint that has made good for 47 years

It comes ready to apply, spreads easily, holds its color, wears as if it were part of the house itself. S W P is but one of the many Sherwin-Williams Paints and Varnishes for the decoration and preservation of the home, shown in our

Portfolio of Plans for Home Decoration

This portfolio contains twenty plates in full colors showing ideal color schemes for the home, both outside and in. It tells what finishes to use, covering every point of home decoration, from the treatment of the roof to the smallest detail of wall finish and furniture. It is decidedly worth sending for—and it is free.

SHERWIN-WILLIAMS

Flat-Tone

gives the wall finish you want at a price you can afford. It offers the widest possible choice of soft, harmonious shades.

Once applied, it holds tight to the wall, which means lasting durability and as frequent washing as you please. There is no fear of streaking with Flat-tone.

Flat-tone is only one of the many paints and varnishes described in our

Portfolio of Suggestions for Painting and Decorating

This handsome booklet, containing a host of color illustrations, will give you ideas for improving every surface inside and outside your home. It is a practical, artistic guide for you and your painter. A line from you will bring it free.

Beautify your floors with Sherwin-Williams Mar-not, the perfect wear-proof, water-proof floor varnish.

A good floor varnish is a rare find. Mar-not is more than mere surface shine. It goes into the wood and becomes a protecting surface, resisting wear to an unusual degree.

The real Brighten-Up Paint Store in your town is the Sherwin-Williams agent. He has Mar-not.

For the great or small improvement of your home you need our

Portfolio of Suggestions for Painting and Decorating

It tells you all about Mar-not and other Sherwin-Williams Paints and Varnishes. A host of color illustrations are contained in this booklet, as well as ideas and suggestions that are as practical as they are artistic.
