J. D. WRIGHT - ST. LOUIS

May 26, 1970
(Dictated 5/22/70)
NATIONAL CASH REGISTER
ST. LOUIS VISIT
June 1 & June 11

P. K. Maier - CINCINNATI
E. C. Wilde - MONTROSE

TO : W. S. Clark - WCLAR
M. W. Farrar - 2ND ST
J. T. Garrett - JGARR
R. E. Kelly - RKELL
H. L. Minckler - HMINC
W. B. Papageorge - WPAPA
W. E. Schalk - WSCHA
J. E. Springgate - JSPRI
W. F. Waychoff - WWAYC

We'll be favored by two visits to St. Louis by National Cash Register. On Monday, June 1, a half day session has been set up through Dr. Kelly to review the toxicology and biodegradable information on Aroclors 1242/HB-40 and MPE.

Gordon Taylor, Head NCR Paper Research; Ned Thacker, Staff Engineer, Capsular Pilot Plant, NCR Paper; Larry Hibert, New Manager of Environmental Control; and Pete Maier will arrive at 8:00 AM and depart at 2:00 PM. Messrs. Kelly, Clark, Garrett, Papageorge and Farrar please be available for this meeting. I would appreciate Dr. Kelly making needed conference arrangements.

On June 11 National Cash Register should have a fix on the MIPB they will use in the future. The decision will be reconfirmed in July after larger plant runs. A June decision to be firm enough by June 11 to ask for our plant planning and contracting.

Messrs. H. V. Lauer, Manager, Manufacturing, Research and Technical Service, NCR Paper; Gordon Taylor; Ned Thacker; and Jerry Taylor, Manager, Purchases & Technical Service, Special Products Division will be coming to St. Louis for this discussion of which Messrs. Farrar, Springgate, Schalk and Waychoff will be involved. As details and timing are developed we would like to include a visit with Howard Minckler.
