to satisfy all of the requirements of a member.

In addition to that, you also have to show some evidence of having -- making some contribution to the field of epidemiology in terms of publication.

Q Okay. And are you certified under this program?

A Yes.

Q And at what level are you certified?

A I am a fellow.

Q Okay. I see from your CV that after your name, in addition to your doctorate, you have some initials F.A.C.E., does that mean fellow?

A Yes.

Q I would like to just ask you a couple of more questions about your CV if I could, Doctor.

I see that you are listed as a member of something called the Scientific Committee on Fibers of the International Commission on Occupational Health.

I think you talked about the International Commission on Occupational Health.

What does this committee do?
